## Summary

Full Stack Web Developer with a strong passion for problem-solving and creativity. Driven by a deep love for web development and its future possibilities. Recognized by employers for responsibility and adeptness in resolving challenges. Developed excellent teamwork and leadership skills in my current role. Proficient in creating functional, maintainable, and responsive front-end experiences using frameworks and preprocessors like React and managing servers, database structures, and APIs on the back end. With these skills and a natural desire to learn and grow, I am a valuable asset to any company.

## Technical Skills

JavaScript, React, HTML, CSS, Node, Express, MongoDB, MySQL, GitHub, Bootstrap, Handlebars.js, APIs, Responsive Web Design

## Projects

**True Care** <https://truecare-three.vercel.app/> | <https://github.com/kembo001/truecare>

Developed a comprehensive healthcare website for a client using React. Focused on creating an intuitive user interface and seamless navigation to enhance user experience and accessibility.

→ Tools: REACT, CSS, Animation.js

**Amazon Clone** <https://github.com/kembo001/amazonCloneWithReact>

Developed a shopping website mimicking Amazon with features including user authentication, personal dashboards, and cart management. Utilized React for front-end development and Firebase for authentication and deployment.

→ Tools: REACT, CSS, Animation.js

**Meal Plan** <https://kembo001.github.io/mealPlan/> | <https://github.com/kembo001/mealPlan.git>

Led a team to design an interactive meal-planning website integrating Spoonacular API. Focused on creating a user-friendly interface and seamless user experience.

→ Tools: HTML, CSS, JavaScript, API's

## Experience

**Web Developer at Triton Commerce - Minneapolis, MN (May 2022)**

Responsible for developing responsive and user-friendly websites using HTML, CSS, JavaScript, React, Node.js, and SQL. Collaborate with teams to deliver innovative digital solutions that meet business requirements and enhance user experience.

## Education

**Bootcamp Certificate:** University of Minnesota, Minneapolis, MN

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS. **(2022)**
